### **Committee Preference Sheet**

*Listed below are the descriptions of each of the current Student Government Association Committees. In the space provided please rank order your preference of which committees you would most like to serve on. Use a 1-5 scale, ("5" representing the committee you would most like to serve on, "1" representing the committee you would least like to serve on).*

\_\_\_\_\_ **Campus Involvement:** Develops and manages civic engagement efforts, educational programming, and coordinates greater involvement of students in the campus community.

Examples of likely initiatives: Planning debates focusing on relevant topics to MSU students; organizing lobbying efforts such as Listen-Up Legislators; and sponsoring forums that allow students to engage the MSU administration with concerns, grievances, and general questions.

\_\_\_\_\_ **Public Relations:** Promotes and publicizes information concerning Student Government sponsored projects, events, and proposals. As the mouthpiece of Student Government the Public Relations Committee is charged with presenting important Student Government information to the general student body.

Examples of likely initiatives: Management and maintenance of the Student Government website; creation and distribution of flyers/banners promoting Student Government sponsored programs; and creation of a Student Government newsletter. Members of the Public Relations Committee are also expected to serve as emissaries/ambassadors of S.G.A in proliferating information to campus groups and student organizations. *Students applying for this committee should possess aptitude and/or be comfortable with the mechanisms of advertising & marketing and/or public speaking.*

---

**Student Life:** Researches policies and initiates plans to enhance the quality of student life. Each member of the Student Life Committee will serve as a liaison between Student Government and varied administrative and academic departments around campus.

Examples of likely initiatives: Developing and implementing a mechanism for soliciting student concerns. The liaison system within the Student Life Committee structure allows student concerns to be processed by the committee and then taken to the appropriate departmental and administrative officials for review and redress. The Student Life Committee is also charged with coordinating all Student Government sponsored surveys.

---

**Funding and Awards:** Operates as the chief fiscal and scholarship committee within Student Government. Student organizations often solicit Student Government for appropriations to support their campus initiatives, projects, and events. The Funding and Awards Committee reviews all funding requests and makes recommendations to the Student Government Congress regarding which proposals should be funded. The Funding and Awards Committee is also responsible for conferring awards and recognition upon Morehead State University students that excel in scholarship, leadership, and community service.

Examples of likely initiatives: Facilitating and maintaining a system that recognizes outstanding achievement by individual MSU students and faculty. This process involves the development and implementation of a nomination process and selection procedure, with awards being distributed at the end of each month and an annual award presented at the end of each school year. The Funding and Awards Committee will also work in cooperation with the Vice President of Finance in developing and practicing protocol for funding student organizations. The Funding and Awards Committee also has responsibility for awarding the Larry Stephenson Scholarship.

## ***How often do you get a chance to attend a social event open to all MSU students and friends?***

**This is your chance.**

SGA, SAC, and RHA have combined their energies to provide you with this wonderful opportunity – the Blue and Gold Ball, a campus-wide MSU Student Fall Formal. Do you want to get fancied up, party like a rock star, and support a fantastic student cause? This is your chance. All of proceeds of this event will go towards sponsoring student trips with the Spring Break, Spring Back program.

### **What is Spring Break, Spring Back?**

During the past two years, hundreds of MSU students have dedicated their spring breaks to helping others. In 2006, over 100 MSU students, faculty, and staff spent their spring breaks traveling to Gulfport, Mississippi helping to rebuild homes devastated by hurricane Katrina.

A year later, many of these students and others returned from MSU in the spring of 2007 to find several local residents still living in FEMA trailers provided by the federal government. Meanwhile, another group of MSU students, faculty, and staff spent their time on the west end of Louisville, helping convert a working with local youth in an after school program.

Visit [www.moreheadstate.edu/springbreak](http://www.moreheadstate.edu/springbreak) for more information. Please click the click to view the 2006 Video.

### **When is the Blue and Gold Ball?**

This year's Blue and Gold Ball will happen on Friday, September 21, 2007 from 8 p.m. to midnight at the Morehead Conference Center (111 E. 1<sup>st</sup> St. Morehead).

### **Who will be there?**

This fall formal event is open to all MSU students and friends of MSU students. Several sponsoring organizations will also be present as well as many of the student, faculty, and staff that participated in Spring Break, Spring Back over the last two years.

**What makes this different than any other formal?**

First of all, this event is open to all MSU students. You do not have to be a member of any specific academic program or student organization to be invited. This is going to be a classy occasion. A student jazz band will be performing at beginning of the program and a DJ will be busting out all of your favorite jams for the latter majority of the evening.

**Since this is a formal, do I need a wear a tuxedo or formal dress?**

Yes. The event is "Black Tie Optional" which means that men will be generally wearing tuxedos, but a suit and tie is acceptable. Ladies, if you don't want to go out and get something new, dust off that prom dress for some extra mileage.

**How can I get a ticket for the Blue and Gold Ball?**

You can choose to pick up a ticket individually or as a group... whichever you prefer. In advance, individuals prices are \$8 each or \$15 per couple. At the door, (if tickets are still available) regular ticket cost is \$10 each or \$20 per couple. Groups can obtain up to 40 tickets for their members by a \$200 donation to Spring Break, Spring Back (which brings your ticket price to \$5 per person!!!)

**Where can I get more information?**

Check out [www.moreheadstate.edu/sga](http://www.moreheadstate.edu/sga), stop by the Student Activities Office 204 ADUC, or contact the Student Government Association at (606) 783-2298, or by email, [sga@moreheadstate.edu](mailto:sga@moreheadstate.edu).

**Rally for Higher Education: Speaking Points**  
**Morehead State University Student Government Association**  
**February 20, 2008**

Dear Legislator:

I am a student at Morehead State University. These are my interests and concerns...

1. Proposed 12% funding cut to MSU (\$7.2 million cut)

- would result in drastic tuition increases
- fewer students could afford to go to college

2. Proposed 15% cut in KEES awards

- Estimated 1,000 MSU students would not receive this support for the next two years
- please **support House Bill 12 to increase funding for KEES Awards**

3. Cuts to Higher Education - Unacceptable

- creates greater barriers for Kentuckians to enter college and
- threatens the quality of higher education (larger classes & fewer class offerings)
- marginalizes many individuals & puts the future of the Commonwealth at risk

4. Construction Projects – Please support

- Prevent delays in university agency bond projects by **supporting HB 111 & HB 177**
- Please support MSU's agency bond projects currently included in the budget;
  - \$39 million for a student recreation center
  - \$11 million in housing improvements

**Thank you for your service to Kentucky and continual  
support for higher education!**

February 18, 2008

Dear Legislator:

As a student at Morehead State University, I wish to share my concerns regarding the future of public higher education in the Commonwealth. The state budget presented by the Governor proposes an unacceptable \$7.2 million dollar cut in operating funds to my university. This budget threatens to return all progress in higher education back to the funding level of 1998.

Given the problematic budget from our Governor, it is essential that you as our representative step up to rectify this situation. We need you to maintain a strong base appropriation for Morehead State University.

Please limit future delays in agency bond projects for universities by **supporting HB 111 & HB 177**. Furthermore, I request your support for MSU's agency bond projects currently included in the budget;

- \$39 million for a student recreation center
- \$11 million in housing improvements

The proposed 15% cut in KEES awards equates to about 1,000 MSU students not receiving this support over the next two years. Please **support HB 12**.

Decreases in state appropriations and cuts to KEES awards will only create greater barriers for Kentuckians to enter college and receive a quality education-- marginalizing many individuals, and putting the future of the Commonwealth at risk.

I thank you for your service to Kentucky and continual support for higher education.

Sincerely,

Concerned Voter & Supporter of Morehead State University

### What you need to know...

#### THIS IS the Situation RIGHT NOW:

- The current state budget proposal presented by the Governor proposes an unacceptable **\$7.2 million dollar cut in operating funds**.
- This budget threatens to **return all progress** in higher education **back to the funding level of 1998**.
- Higher education funding is **being treated as part of the problem**; rather than part of the solution.
- Voters are **not willing to tolerate these dramatic cuts!**

#### YOU SHOULD TELL THEM:

\*\* Legislators need to maintain a strong base appropriation for Morehead State University; we could be facing a possible \$1400 increase in tuition the fall of 2008.

\*\* Ask your Legislators to: please limit future delays in agency bond projects for universities by **supporting HB 111 & HB 177**.

\*\* Legislators need to support MSU's agency bond projects currently included in the budget;

- \$39 million for a student recreation center
- \$11 million in housing improvements

\*\* The proposed 15% cut in KEES awards is also unacceptable. This equates to about 500 MSU students not receiving these awards over the next two years.  
Legislators should **support HB 12**.

\*\* Decreases in state appropriations and cuts to KEES awards will only create greater barriers for Kentuckians to enter college and receive a quality education-- marginalizing many individuals, and putting the future of the Commonwealth at risk.

\*\*\* Voters are **not willing to tolerate these dramatic cuts!**

# What Is SGA?

SGA is the Student Government Association of Morehead State University. This organization exists to serve MSU students by providing an opportunity for the student body to collectively voice concerns and ideas to university and state policy officials, with the ultimate intent of improving MSU for current and future students.

## Mission Statement

The Student Government Association, by way of student representation and congressional leadership, is committed to be the leading advocate of the student body of Morehead State University. ## The Student is...

- The most important person on campus. Without students an institution does not exist.
- Not a cold enrollment statistic, but a flesh and blood human being, with feelings and emotions like our own.
- Not someone to be tolerated so we can do our thing. *They are our thing.*
- Not dependent on us. Rather we are dependent on students.
- Not an interruption of our work, but the purpose of it. We are not doing them a favor by serving them. They are doing us a favor by giving us the opportunity to do so.

## What makes up SGA?

SGA is comprised of three separate interrelated bodies: the executive branch, the legislative branch and the judicial branch.

- **The Executive Branch** consists of six elected officials who serve on the executive committee. Elections for each position are held every spring.
- **The Legislative Branch**, Student Congress, includes representatives who are chosen from each class and various organization throughout the University. Elections for Student Congress are held each fall.
- **The Judicial Branch**, serves as the student court. Its members are appointed by the SGA president and approved by Student Congress.
